

2015 - The Year of Outreach

“I know your works. See, I have set before you an open door, and no one can shut it; for you have a little strength, have kept My Word, and have not denied My Name.” (Rev 3:8)

I come before you once again requesting your prayers for a successful year and to share some very powerful and exciting news for, 2015 the year of making a difference for the church !

I have the most astounding, incredible, and powerful bit of news I have ever been blessed to share with our wonderful little church. The above scripture in the headline comes to mind when I think about the news I'm going to share with you in this newsletter. I pray it applies to our church as it has to others over the centuries. Maybe, you too will agree when you read about the opportunity God has given us at this time.

Let me briefly share with you a journey that has brought us to where we have the potential of reaching **110,000 brand new first time responders** in just one message from just one program. Space won't allow the whole story here, but next month I'll go into the wonderful story of how that came about in the Quarterly and in a sermon message.

We have just successfully completed a very tiring and exhaustive week of filming for our specials for GUCW. In the midst of the taping, an amazing story began to unfold which is the reason for requesting your prayers.

We had completed taping the needed footage for the initial filming of the bi-centennial of the Battle of New Orleans for our program titled, "The Biblical Mystery of the Battle of New Orleans" and were working on the program with John Brown, founder of Zion Oil and Gas. During his closing segment, we had issues with sound and needed to rework the session. While Jeff was resetting the equipment to redo the segment, I was telling Mr. Brown that once we finished the session, we were heading to Mobile, AL to set up again and tape Pastor Mark Biltz to focus on the *Blood Moons*, Rabbi Jonathan Cahn to focus on *The Harbinger* and his newest book *The Shemitah*, and Bill Salus of California to talk about his most recent book, *Nuclear Showdown in Iran*.

As I spoke of this exciting opportunity, something amazing began to happen. I didn't

realize that John had previously been on various talk shows with them on very large and popular TV programs. I did not realize that he had tremendous respect for all of their work and accomplishments. His excitement grew as he talked. He couldn't believe we actually had them scheduled to tape for GUCW back to back. He said something to this point: "the fact that we had them all together, at one time, in one place for our specials, he believed was God-driven." (That's as close as I can remember his words). I explained that I too felt the same, that God had given us an open door for our specials.

He became so inspired by what we were doing, and what we were hoping to accomplish, that he immediately spoke with the Lesea representative who was in our studio and brought him there, asking what it was going to cost to run these specials. He went on to say, that he couldn't promise it, but, he was going back to talk to his board of Zion Oil and Gas, and see about sponsoring all of our specials for the "Out of the Mouth of Two Witnesses" specials. This is just the beginning of an amazing and God-inspired story

John then proceeded to say that when the program is ready, and we announce its airing, to let him know. He wants to promote the specials and GUCW to his mailing list. He has 110,000 people on his mailing list! That's right, in the next couple of months when these programs are ready; God has opened a door to reach potentially 110,000 new "first time" people to our work in one email, that isn't going to cost us one penny. The potential is incredible and nothing short of a miraculous intervention by our Heavenly Father.

Before he left our building, he gave me a great big hug and praised God for the work he saw us striving to accomplish and thanked us for inviting him. It was an inspiring time. However that was just the beginning.

Since that time, I've met with the Broadcasting people and they are arranging time for our specials, and are planning on giving us some free commercial spots, to promote the program. Additionally, they are

lowering their pricing to aid Zion in carrying all of our specials that will air once a month over the next three months, beginning around the spring Holy Days.

Please remember to pray about all of this, it is most important. Once all of this comes together, we will air the special merging all of those interviewed on national television via various cable outlets on Saturday and/or Sunday evenings on three different TV networks. Once or possibly twice each month, for three months. These presentations have the potential to go into just under 100 million homes worldwide on three different networks owned and operated by the Lesea Broadcast family: FETV (Family Entertainment TV), WHTV, (World Harvest TV), and METV (Middle East TV). This would go to about 80 million homes in the U.S. and Canada, and nearly 20 million homes in Russia, parts of Asia, and many countries in the Middle East, including Israel, Turkey, Iran, Saudi Arabia, Afghanistan, Pakistan, Libya, Egypt, and many others. It will be translated with written translations at the bottom of the screen in four different languages, each of which will apply to the appropriate country.

Additionally, I just got off the phone with the General

Manager of WHNO TV in New Orleans, the local affiliate for the LeSea Network who told me they are going to begin making contacts for us to go on some talk shows to bring attention to our specials and GUCW and God willing increase the viewing audience.

Please remember all of this in your prayers. It is vital we have God preparing our way that all of this can come to pass. We have many hours of post edit work to do, to make this possible. It will take all we can muster in time and energy to complete our task in the appropriate times.

This is an amazing story, of an incredible journey, that only a year ago wasn't even imaginable. All praise and glory goes to Him who has blessed us with this opportunity. Be on the look out for ore information next month as we bring you up to date with a sermon and in the Quarterly sharing the power and mercy God has given us.

In Jesus name,

Tom Kerry

The GIDEON Project
TeleVISION Outreach

Special Thanks for a Great Start for the Television Outreach

The Gideon project had a great launch. Please accept our thanks to all who have been able to help get the project underway.

We collected more than we thought we might. We really were hoping that we'd have about \$2,000.00, but we received just over \$4,000.00. The enthusiasm was exciting to see. We will be patient as we go. That amount is probably not sustainable at the moment. Patience will be the by word for our television outreach. The Gideon project is a part of GUCW outreach.
