EDITORIAL

Special Thanks to All

God's Unchanging Word is pleased to announce it will be airing its "Second Television Special" beginning on the weekend of September 12-13, and it will air on the beginning of the evening portion of the Day of Trumpets.

The world is more volatile today than it has ever been in modern times, or since WWII. As I write, I've watched the volatility of the stock market as it lost over 1,000 points. This is the same precursor we witnessed in 2007 and 2008 just before the final debacle from which we have not yet recovered. This year millions are holding their breath due to the acknowledgment of the events of seven years ago now brought out in the Blood Moons and the Shemitahs.

Are we moving into the time the Bible talks about that will unleash WWII? I understand that we truly cannot know, or lock down dates, but it sure seems like we are in the times Christ told us to watch for. Now learn a parable of the fig tree; "When its branch is yet tender, and puts forth leaves, ye know that summer is nigh: So likewise ye, when ye shall see all these things, know that it is near, even at the doors." (Matt 24:32-33) The conditions around the world are in the conditions the Bible describes us to watch for.

The church has always understood the volatility of conditions that surround the Fall Holy Days, many sermons have been given of concerns that things could happen while we are at the Feast that would cause us to come home to a different world. As we prepare for the Feast this year, we again find ourselves in the same state of concern. We need to arm ourselves as never before with the **Whole Armor of God**, as we prepare for this years fall Feast.

On Saturday, Sept 5th in New Orleans, we will be having a special prayer breakfast meeting before services to focus on the concerns for our families, our nation, and this world. (Note: Hopefully each group or family can find a Sabbath to dedicate to prayer in your area for God's direct intervention and protection.) When God decides to pull the plug, things will move quickly, and the world will not know what hit it. The world will, out of one final desperate attempt to save itself, turn to the man of sin, and we will see the final revival of the Holy Roman Empire that will be unleashed on this world just before the return of Jesus Christ. Our TV special to be aired this fall will focus on what appears to be the beginning of that event lining up. *Read more about this special in this issue.*

Please keep everyone in your prayers this year as we head into the Fall Holy Days, and prepare for the Feast of Tabernacles. While all of this is alarming, the Bible tells us that when we see these events happening, to lift our heads high, as we know the day of the Lord is at hand.

God has blessed me again to be able to visit each of the five U.S. Feast sites this year. I don't get to spend much time with everyone, but by going I can meet and greet each and everyone who attends and helps to support the work God has called us to do, the work of warning and preparing for the return of our soon coming King, and Lord, Jesus Christ. Blessings and safety to all. God willing I will see you all at the Feast this year.

PEACE IN OUR TIME

Or Covenant With Death

America Following the Path of ANCIENT ISRAEL

There is a phrase that goes: “those who fail to learn from the past, are doomed to make the mistakes of the past.” This is especially true for America and the condition we find ourselves in with the Nuclear agreement with Iran. Without ever knowing it, by entering into this agreement, we suddenly find ourselves in the same condition as Ancient Israel just before a foreign nation destroyed them. What have we missed and how did we get here?

You have to wonder how a nation that goes from the shining beacon of the world, a nation of wealth and prosperity filled with blessings after blessings, to a nation grasping in the dark for direction? A nation filled with violence and evil, straddled with debt beyond what we could ever repay, a nation that was established on the principles of God to a nation that has rejected God. The condition America finds itself in, is the same condition that Ancient Israel and the nation of Judah found themselves in just before they came to their demise and removal into captivity.

Finding the reasons doesn't take a great deal of effort. God has left us a trail that is clearly laid out through His Holy Word. The New Testament reveals that of all the past failures were left for us so that we won't make the same mistakes. “Now all these things happened unto them for examples: and they are written for our admonition, upon whom the ends of the world are come.” (I Cor 10:11)

Every nation that ever existed that grew to great power and influence believed they were impervious to failure. America is no different. Every nation believed they will always be able to overcome whatever comes its way, and will always exist. The problem is, they all failed to take into account the living laws established from creation that govern the laws of blessings and cursings. Thus, they ignore the warnings of God: “When thou hast eaten and art full, then thou shalt bless the LORD thy God for the good land which he hath given thee. Beware that thou forget not the LORD thy God, in not keeping his commandments, and his judgments, and his statutes, which I command thee this day.”

As Israel increased in goods, and wealth, they turned their backs on God and evil set in. They began to substitute laws and customs that were opposed to God's ways. Despite the warnings from the Eternal, with each step of the removal of God, greater punishments would come. God told them they would. Regardless, Israel ignored the warnings, just as America is doing today.

“But it shall come to pass, if thou wilt not hearken unto the voice of the LORD thy God, to observe to do all his commandments and his statutes which I command thee this day; that all these curses shall come upon thee, and overtake thee: Cursed shalt thou be in the city, and cursed shalt thou be in the field.” (Deut 28:15-16)

If they still refused to return to God, greater punishments would come: “And if ye will not yet for all this hearken unto me, then I will punish you seven times more for your sins. And I will break the pride of your power; and I will make your heaven as iron, and your earth as brass.” (Deut 28:)

With each new punishment, Israel would seek to find solutions from everywhere but from God. Eventually other nations would rise up and begin to attack the nation in their weakened condition. Even then Israel wouldn't return to God, but instead, they would turn to the nations for protection and security. *You boast, We have entered into a covenant with death, with the realm of the dead we have made an agreement. When an overwhelming scourge sweeps by, it cannot touch us, for we have made a lie our refuge and falsehood our hiding place.*” (Isa 28:15)

God told them: *And your covenant with death shall be disannulled, and your agreement with hell shall not stand; when the overflowing scourge shall pass through, then ye shall be trodden down by it.*” (Isa 28:18)

I'm concluding the article here with a question for you to research, a riddle so to speak. Why was the timing of the signing of the agreement the worst possible thing that America could ever have done? While you seek the answer, I'll be preparing to share the answer at the Feast this year in my sermon; The Biblical Mystery of Tammuz 17 and America.

Iranian Foreign Minister Mohammad Javad Zarif

HERO OF THE IRAN DEAL,

The Hero's Welcome

As America's Congressional and Senate leadership debates upon whether or not to support the Nuclear agreement or fight the Obama administration, there was no doubt in Iran how they felt about the deal.

Upon arrival at the airport in Tehran, thousands of Iranians lined the streets greeting their new hero, the Foreign Minister Mohammad Javad Zarif to what amounted to a ticker tape parade in America.

After years of broken promises, continual death threats against Israel and America, billions of dollars of financial support to the terrorist organizations that continually destabilize the region, Iran got everything they wanted. They will continue their path to nuclear capability. The ultimate goal... I don't have to tell you. How come our leadership can't see it?

Al-Quds Day

On the very day that America was signing the deal with Iran to enter into an agreement that is suppose to bring long lasting peace, the President of Iran was attending a rally that has become an annual event of chanting death to America, and death to Israel.

Every year, on the last Friday of the Muslim holy month of Ramadan, millions of Iranians take to the streets to engage in a bizarre ritual. As if on cue, they incessantly and rhythmically chant "Death to America" and "Death to Israel" while burning effigies of the leaders and flags of those respective countries. Occasionally, they'll burn the Union Jack as well. Rounding off the spectacle are fiery speeches issued by various military, political and religious leaders regurgitating the same banalities about how the "Great Satan" and the "Zionist Entity" will ultimately be destroyed and replaced by the banner of Islam.

OBAMA SIGNS IRAN DEAL AS ROUHANI ATTENDS A 'DEATH TO AMERICA' EVENT

America's new partners in "peace."

July 15, 2015 Ari Liberman 10

The event is called Al-Quds Day and was sanctioned by the Islamic Republic's now deceased and criminally insane Grand Ayatollah Ruhollah Khomeini in 1979 as a way of underscoring the Muslim obligation to "liberate" Jerusalem and unshackle "Palestine" from those pesky Jewish infidels.

While most normal countries maintain national holidays that celebrate freedom, independence and sacrifice, the mullahs invented a holiday that revels in an orgy of death, violence and depravity.

This year's Al-Quds celebration – micromanaged by the thuggish enforcers of the Islamic Republic – was no exception and if anything, the anti-Israel, anti-American rhetoric was ramped upward. In attendance at an Al-Quds rally in Teheran was of course none other than Iranian President Hassan Rouhani, the so-called moderate face of the Islamic Republic. President Obama has redefined the term "moderate" to include one who professes his intent to kill you while displaying hispearly whites.

Feast of Tabernacles 2015

Auburn, Indiana

Auburn will be the location again this year for the northerners. Establishing Feast Sites is one of the most challenging responsibilities of the church in servicing the needs of its members.

Distance, expense, the economy, what the area has to offer, motel availability, restaurants, and the list goes on.

After speaking with many of the members it was

decided to remain where we have been for one more year to help more of the brethren attend.

This is a wonderful site filled with many activities, and events. Additionally there are also several church sponsored events to help all to participate.
