

## The Feast of Tabernacles is Complete, the Blood Moon Tetrads have past, the Shemitah is in the Record Books

**We are all still here, no one has gone to a place of safety, Christ hasn't returned as some had predicted, the world hasn't collapsed, the rapture hasn't taken place, and the tribulation hasn't begun. Was it all a hoax, or did the Bible point us to something else that the world has missed. What is God showing us?**

*Welcome home from the Feast, I pray everyone had a most powerful and successful Feast of Tabernacles. It's time to go back to work and hit the ground running!*

**The events that have caught the eyes of tens of millions of people are over. What has the world missed?**

**The warnings that God has shown us, "Come out of her My people," (Rev 18:4), the world not only ignored, but has gone out of its way to embrace. On the horizon we can see the beginning of the footprint of the Woman who will ride the Beast of Revelation.**

America has rolled out the Red Carpet for Pope Francis. Millions across the country have embraced him, the UN has solicited his support to align the world, and the protestant churches are talking about returning to the mother of all the churches. Something "*very endtime-ish*" is beginning to shape up. We began addressing this visit and alarm in June.

**Quoted from June Newsletter:  
The Pope Coming to America**

Flying under the radar to most people in America is the coming visit of Pope Francis. Not only will his visit be historical, but the timing of his visit, and the locations of his visit is most critical.

To America this is the schedule they will see. He will arrive on the evening of September 22nd. On September

23rd he will visit the White House, and be the guest of President Obama and Michelle. On September 24th, he will speak to the Joint Sessions of the United States Congress. On September 25th, he will address the UN. On September 26th and 27th he will travel to Philadelphia for the World Meeting of Families. Sounds impressive, and he will be welcomed by tens of millions. No problem right? Wrong. The question we as God's called out ones must ask is, does this have any Biblical significance?

This is where we must begin our focus. We are told; "For we wrestle not against flesh and blood, but against principalities, against powers, against the rulers of the darkness of this world, against spiritual wickedness in high places." (Eph. 6:12) **(End of Quoted from June Newsletter)**

**The Beginning of the Rise of the Beast of Revelation**

The Bible shows that at God's appointed time, the Beast of Revelation will rise up and rule with terror for 1260 days one last time before the return of Jesus Christ. The question many are asking is, **are we at that time? No.** However, I need to clarify that answer. There is a misunderstanding that many people make when addressing prophetic events. In addition to the prophetic event, God shows us biblically and historically, the advance of the event, God reveals to His Elect the alignments before the literal fulfillment

comes to pass. From these revelations, God's people have time to prepare for what is about to take place.

If I asked that question another way, for example, are we witnessing the **beginning** of the rise of the Beast? I would answer; absolutely!

God allows, and possibly even directs many of the events that must line up so that when the appointed time does come, it will come quickly. Even though we are not at that appointed time yet, what we are seeing is the formation being established that will set the stage for when God allows that event to take place.

### God is Revealing to His Elect

We must not overlook the scripture that God tells us: "Surely the Lord GOD will do nothing, but He reveals His secret unto His servants the prophets." (Amos 3:7) The events over these past two years shows that God is allowing the alignment of events to bring about the return of His Son Jesus Christ.

Just look at what is going on around the world. There isn't enough space in this letter to tell it all. There is not a day that goes by without some event taking place that points us to the obvious conclusion that time is drawing near.

### Be Careful Not to Let Your Guard Down

The predicted warning by many of the "potential" collapse on Elul 29 on God's calendar, did not happen. We did not see the market collapse as many had warned. Many are already believing we are out of the woods. I plead with everyone, not to let your guard down. The economic conditions around the world are the worse they have ever been in in modern times.

What has taken place? We have witnessed the collapse of the moral integrity of our nation. The change in God's Biblical definition of the sacred covenant of marriage with the legal sanction of gay marriage. The person in Kentucky, who was put in jail because of her convictions on marriage, the horrifying videos of the bargaining for human baby parts with the support of U.S. taxpayer money.

We must keep our guard up, the financial collapse will come. The conditions around the world are deteriorating rapidly. In just 7 years the global debt has risen by 57 TRILLION Dollars, and now stands at over 200 Trillion Dollars! All economists know this is unsustainable. We've already seen the breach in the wall of this economical system. China's debacle only gave us a hint of how fast things can collapse. In just one morning in less than an hour, the stock market dropped over 1000 points. Never in the Dow's history has that ever happened. It won't be the last time.

The economic conditions around the world are changing rapidly. There are many economic meetings set for this October that could put in place the beginning of the move away from the U.S. dollar as the currency standard. If this change actually takes place, it would begin the death blow for America.

We plan to focus on these events in the next phase of the three part warning witness of "Out of the Mouth of Two Witnesses." The first was the one, "Warnings from Heaven," the Second is the current TV special, "The Handwriting on the Wall," and the next will deal with the events that are soon to come. Please pray for us that God will bless us to be able to continue in this path to warn this nation.

Special thanks to all of you who have been so generous and supportive to help grow the work, and proclaim the warnings to whoever will listen.

In Jesus name,

Tom Kerry

## PLEASE HELP US TO SPREAD THE WARNING WITNESS

### Now you or your congregation can be a vital part of warning in your area

We're often asked, what can I do in my area to help get the word out? Thanks to some interesting events following the recent TV Special, *Handwriting on the Wall*, we believe we have something that just might interest everyone. Something you can do individually, or as a group in your local areas to team up as a way of getting the warnings out, letting people know you are there in your area, and possibly lay seeds for growth locally.

The recent TV special has created a tremendous interest in the public eye. In addition to the numerous emails that have come in, Audrey has spent many, many hours catching phone calls as a direct result of the TV Special. When Audrey told the callers about the church and the mailing list, literally **everyone** who called asked to be added to the churches mailing list.

What we didn't expect was, numerous pastors of church congregations also called in looking for more info and wanted to share the special with their congregations. This is what gave us an idea for outreach. If you or your local congregation is interested in doing an outreach in your area, please give us a call and we can give you the details and get you the info. This might not come to anything, but this could be a beginning of public awareness we do not have at this time. Please add it to your prayer list.

*This was sent from the LeSea Headquarters to the GM of the local TV affiliate in New Orleans. "Good morning! Just wanted to let you know I've already had phone calls this morning from viewers who LOVED the special this ministry aired on WHT on Saturday night. They wanted to contact the ministry for more info so I gave the number from Wide Orbit I'm copying our receptionist, here in case she gets calls and I'm unavailable"*
